Forbidden lovers
We hid our hearts beneath the stars
Under the covers
In midnight rooms and shining cars
I gladly came to taste your pain
A love insane on a crazy night

Forbidden lovers. A secret message on the 'phone
Heaven's above us and Hell's below, so I am told
Beware the shame or play the game,
It's all the same when you sell your soul to a love so
bold

Oh, will you be my secret lover?
My tragic romance in the rain
And we will sail the earth together
For you can help me claim my fame
Wake up in a strange bed. Pearly white and proud red
Photograph my wild head, shoot me to the stars (shoot
me to the stars)

Forbidden lovers. We dance in silence through the void
There are o others, for only darkness knows the joys
At you command, an all night stand
A pleasure grand and a deep delight

Forbidden lovers. We cruise the highways of desire
Our presence hovers above you heads
And climbing higher we touch the sky
With wings so wide
An angel tide on a demon shore

Oh, will you be my secret lover?
My tragic romance in the rain
And we will sail the earth together
For you can help me claim my fame
Wake up in a strange bed
Pearly white and proud red
Photograph my wild head
Shoot me to the stars
Shoot me to the stars
