With our bodies on fire and our heads in a spin
We pressed close to the moment
We were siamese twins in ecstasy
In ecstasy

So we lay soul to soul
As the archer of the night
United our hearts for our mutal delight
While the company derided me

Tie me up in your hair
I'm so easily led
Sink me deep in your oceans
Lock me up in your bedroom
And lose the key
Oh won't you lose that key

Let me show you a sign
Pure as the virgin snow
Sail awhile with me through my dreams
Hear the many enchanted themes
I will play for you
In several keys of blue
Sing for you my swan song

Oh strange strange harmony
Oh such a sad refrain
Feels like a thorn in the heart for me
Feels like I'm dying again

With our bodies on fire and our heads in a spin
We pressed close to the moment
We were siamese twins in ecstasy

Let me give you the time
To be your waterfall
We can bathe in the wine and the honey sublime
'Till the last curtain call
'Till the curtain calls

Like the moon and the sun united as one
Like the nearly insane

When the game is all done
We can't lose it all
We can't lose it all

Take me up for a ride
Far from the stony ground
Glide the skies with me in my dreams
Hear the secrets of the themes
I will play for you
In several shades of blue
Sing for you my swan song
Swan song
