Why do you have to analyze everything I say?  
Every fucking word is taken the wrong way  
I'm so sick of trying to be nice in a place  
Where all that is wanted is the end of my race

I'm not scared of you. Don't try to threaten me  
And I'm not impressed with your individuality [x2]

I'm a nice guy and I don't deserve this  
I know you feel cheated but don't put me on your list  
Saying the word "chic" is no reason to accuse me  
I did nothing wrong and if you say I did, fuck you!
