Yer parents are so proud now yer off to school  
That it would never cross their minds that you just  
wanna screw  
As many chics as possible you're so fuckin' lame  
I hate you all, I can spot you mile away cuz you all look  
the same

Kill - drown in your keg!  
Kill - your drunken rage!  
Kill - suck your parents dry!  
Kill - you're nothing in my eyes!

Your parents are so proud you're finally in college  
But when Biff showed you how to suck down a beer  
bong was your idea of knowledge  
But you've never thought for yourself, your decisions  
are always made in some one else's mind  
And that basically summarizes your crummy worthless  
life

Kill - drown in your keg!  
Kill - your drunken rage!  
Kill - suck your parents dry!  
Kill - you're nothing in my eyes!

Just think for a second about what you'd fucking do  
If mom and dad weren't shelling out cash for you
