Charles Bronson
"Why Do You Bother?"

Yeah, it was cool that you didn't do the shit
But now you're just another part of it
X was on your hand but today it's a beer
Why do you bother? Just get out of here

Don't waste your time, man, it really isn't worth it
Cuz you're a geek, man just fucking quit it

You look the part at all the cool shows
Take off that costume and let us all know
That you're just another fucking geek who can't decide
If you should get out your boots or just go get high

Don't waste your time, man, it really isn't worth it
Cuz you're a geek, man just fucking quit it NOW.
