Well bless my soul what's wrong with you all crowded
round the bar
The girls are on the dance floor while you brag about
your cars
You don't have to move like Elvis to get out on the floor
Cause men Don't Dance Anymore

Well you shake my nerves and rattle my brain but you
just don't docey doe
You're all standing still while the play every song I know
Don't you know what those RM Williams boots are really
for
Men Don't Dance Anymore

Let me show you something that will drive the girls
insane
Every woman in this place will want to know your name
Clap your hands, shake your hips, turn around like this
But Men Don't Dance Anymore

Bop Bop A Lula a wap bam boo I think you're almost
there
The girls are going crazy but you ain't no Fred Astaire
And now the boys are in a conga line and heading for
the door
Men Don't Dance Anymore

Couples on the dance floor that's how it's supposed to
be
If you don't know what to do..boys just follow me
Step right, step left, pelvic thrust, shake your head
But Men Don't Dance Anymore
Oh No Men Don't Dance Anymore
