I'm a Single Woman, what you get is what you see!
I've built a life where I am only answerin' to me
But still you ask about me With sympathy in mind
you with all your boyfriends, husbands, lovers in your
lives
I hate to disappoint you, but girls I've got some news
You expect me to wollow and swallow your pity...

But I ain't got the ..
Single Girl Blues...No one nigging about the dinner on
time...
Single Girl Blues...Everything in this house is mine!!....
Single Girl Blues...No one bitching about the new shoes
I found.....

Single Girl Blues....no little black hairs clogging up my
sink
Single Girl Blues....nobody telling me the way I should
think
I do what I want, when I want, with who I want to and
you call that

Single Girl Blues

I don't need to justify standen by no man
I got men on standby that I lay by when I can
All you single girls you know the truth in what I say
it don't mean we're lonely, shy, celebate or gay..NO
NO!

Now you girls who have a husband, lover or de facto
Good for you I always say, each woman to their own
But by now you should know me, there's no need to be
confused
I'm sassy and crass and a pain in the ass, but I've
never had the
