"Boogie Woogie Mama"

Visit "[Boogie Woogie Mama](#)" on MotoLyrics.com

Now gather 'round children if you wanna hear
If you like a boogie just land in here
I know a little mama down Texas way
Who does the boogie woogie all night and day

She boogies in the morning and she boogies in the
night
She don't stop to boogie, she's gonna start a riot
She's a boogie woogie mama, boogies all of the time
If you don't have that boogie, she'll boogie on down the
line

Now just the other morning, through the door
And out stepped my mama and boogied some more
She's a boogie woogie baby, drivin' me insane
If she don't stop that boogie, I'm gonna change her
name

Now I like my boogie, and I think it's all right
But when they go a-boogiein' day and night
That's too much boogie, even Texas style
'Cause when my mama start to boogie, she drives an
old man wild

Well, she boogies in the winter, and she boogies in the
fall
But the springtime boogie I love best of all
She's a boogie woogie mama, boogies all of the time
If you don't have that boogie, she'll boogie on down the
line
