YUNGEN (Opening Rap):

You got me caught up in the friend zone  
Trying to be more, Girl my love for you's pure  
But how can I win though  
When all you show me is a door  
And being grind is my flaw.  
But fussin' and fighten', we always in the mix-up  
You're gonna break my heart if you don't fix up  
And when it all falls down I put my love on the line  
But you never seem to pick up

CHARLIE BROWN:

Ten missed calls today,  
All from me  
But none of them satisfied your dependency  
Should I care?  
Or pay no mind?  
I know that he is the apple of your eye  
Baby, when all is said and done  
I think we've all said and done, enough  
We're on a road to nowhere  
I'm pulling over and I'm getting off

(Chorus):

Rehab won't remedy this addiction  
Cause you got it bad and need another man's attention  
You got, what they call, a dependency on another  
What you got, I can't help you with, at all

You got a real bad habit I know you try to manage it  
But I notice when you're calling me  
It's a real bad habit and I just ain't gonna have it  
Cause your habit takes the best of me

YUNGEN (Rap):

Cause I'm thinkin' 'bout her while she's thinkin' 'bout  
him  
Guess my chances are slim  
Cause when I wanna work it out  
She says she's in the gym  
Playin' the game I can't win

Caught between the two cause loosin' her seems worse  
Relationships come with a gift and a curse  
Yeah could we fight into love?  
Wanna take her for a drink, but I never come first  
I used to think she was a blessing  
You shouldn't judge on your first impression  
Now I got it bad stressin' about stressin'  
Knowing' she's holdin' the confession

MS D

I'm usin' again. I know you can tell  
The lack of what I need has made me quite unwell  
What to say, there's nothing left  
No more to do but take the prize for the second best.

CHARLIE BROWN & MS D (Chorus):

Rehab won't remedy this addiction  
Cause you got it bad and need another man's attention  
You got, what they call, a dependency on another  
What you got, I can't help you with, at all

CHARLIE BROWN:

You got a real bad habit I know you try to manage it  
But I notice when you're calling me  
It's a real bad habit and I just ain't gonna have it  
Cause your habit takes the best of me (REPEAT)

And I wanna know, what he got, that I don't  
Cause for sure you got a dependency,  
But it's not on me baby  
No, it's not on me

Ten missed calls today,  
All from me  
And none of them satisfied your dependency
