I've got a girl and Charlene is her name
Since she flipped her skirt at me I ain't never been the
same
All of the boys at our trailer park
Would take a bath and go to school just to win her heart

CHORUS

Her name is Charlene Gene she's every rednecks
dream
Some people think the thing that I love most
Is the way that she butters up my toast
But most of most I love her lovely name

Just the other day we were riding in my car
We got to Charlene's trailer and I pulled up in the yard
On her front porch was her old boyfriend Chase
He blew a little kiss at her so I kicked him in the face

CHORUS

Cause I love Charlene Gene she's every redneck's
dream
Some people think the thing that I love most
Is the way that she butters up my toast
But most of most I love her lovely name

Charlene's got a brother and his name is Jim
And she's got one other and his names the same as
him
One of them is ugly and one of them is mean
Both of them together couldn't keep me from Charlene

CHORUS

Cause I love Charlene Gene she's every redneck's
dream
Some people think the thing that I love most
Is the way that she butters up my toast
But most of most I love her lovely name

Charlene's mom and daddy bought a brand new

double wide
And when she moved away from me I will admit I cried
But that Friday night at the local quickie mart
A pretty girl winked at me and nearly stole my heart

CHORUS

Bobby Joe Briscoe the queen of the rodeo
She may be sweet on me but she don't even know
It don't matter how she butters up my bread
I'll always love someone else instead

I love Charlene Gene cause she's every rednecks
dream
Some people thought the thing that I loved most
Is the way that she buttered up my toast
But most of most I love her lovely name
