I just called to say good bye  
But I was hopin' that you would beg me not to go  
You where my only reason for stayin'  
Besides the amirillo winters are to cold to speand alone

(Chours)

So what it's worth  
I'll be in fort worth  
Just in case you ever start missin' me  
I'm gonna be right here in fort worth  
So for what it's worth that's where I'm gonna be

Before the pain I put you through  
Those late night calls from those random county jails  
I know I swore never to bother you again  
But if you don't mind could you find the time to forward  
me my mail

(Chours)

If you need a friend; a friendly conversation  
You got my number and an open invitation

(Chours)

Fort worth texas is where you'll find me
