Welcome to this song, which I wrote all myself  
It's all about this song, which I did write  
It's a filler track, so if you care to listen, help yourself  
But if you skip this one, I won't hold it in spite  
I'm sitting in my bedroom knowing that I've only got  
one track  
To go until this compilation's complete  
So I'm going to cheat, and rush it so that I can get a  
snack  
I feel bad, but can't help but admit defeat

And I'm sure you'd love to know  
About some girl who with romantically I'm taking it slow  
But I don't have the time to wait  
For a love story to propagate  
I'd much prefer to demonstrate  
My thoroughly excited state  
At this song which I do now create

Ah, This is a song about a song  
Ah, This is a song about a song

Self referential humour makes up most of what I do  
And so this tune should come as no surprise  
To the eyes that have followed me, that watch as I  
construe  
My observations from which ideas arise  
I can't help but love it when I sing about me singing  
About me singing about my songs  
And I know that I should let go of this technique that I'm  
clinging  
But my cold dead hands is are you'll have to take it  
from

And I'm sure you'd love to know  
About some story of a break up that I could bestow  
But I don't have the time to wait  
For a love story to propagate  
I'd much prefer to demonstrate  
My thoroughly excited state  
At this song which I do now create

Ah, This is a song about a song  
Ah, This is a song about a song

And I should probably put a bridge here but I'm going  
to cut it short
