I saw it on the screen
Pollution everywhere
People have no food
I think this is not fair
Never thought about
The problems I don't have
All the lucky ones are mostly blind and deaf
Change the world
Change the world -
Never quit stand up for peace
Worry about
If I could change the world
If I could change the world
No hunger any more
If I could make a wish
No anger, hate and war
If you could change the world
I wonder what you'd do
I walked down the streets
It was raining, cold and dark
I listened to a guy
Who was singing in the park
People walked on by
Life can be so hard
I offered him my coat
And made a brand new start
Change the world...
