I'll never give up
On loving you, this I swear
I'll never give up
On loving you
Call my name - I'll be there
Never give up
On loving you till I die
I promise you a love so true
Till the end of time
Was it something that I said
Won't you tell me why you've had
This change of heart
(Tell me what you're feeling Baby)
You mean everything to me
But can't you see
It's tearing me apart?
(Ooh I need you now)
How are we supposed to make it
If we don't even try
I don't wanna say goodbye
That's why I'll never give up (2x)
Remember how it used to be
Summer nights, a kiss so sweet
We had it all
(Don't you know I miss you baby)
Walking barefoot in the sand
I close my eyes and dream of what
We had before
(Ooh I need you now)
What good is dreaming
If I can't be with you
No one loves you like I do
That's why I'll never give up
How are we supposed to make it
If we don't even try... (2x)
I'm standing in the rain
Say you love me - ease the pain
Until the day my life is through
I'll never give up
Give up, on you
