You and me
Remember the first date
You hid yourself behind a tree
And I thought you were late
You and me
So ashamed and so shy
We tried to be so very cool
But started both to cry
Reminisce about
The summers and the winters
We've been through
I want you to realize
You and me
Forever in love
You and me
Feels like heaven above
You and me
We have to take the chance
If you go another way
My life would make no sense
You and me
Yeah my love is so strong
I can't live without you girl
I waited for so long
Reminisce about the summers...
