Welcome to my cemetery gates  
I lost your love and I buried it here  
'Cause you're the one who stole my heart  
Down the river

I don't need you to tell me that I'm alright  
There's something in the air  
There's something in the water  
Dragging me down

I just hope your mind stays stable  
When you're Cain and unable  
To speak to me again

We never made it to the start of the race  
I guess I thought that in the end we would be saved  
There's someone up in the sky looking down over me

Well, call me selfish, call me what you will  
I don't care about you anymore  
You fucked me up and broke my heart  
In smithereens

I don't need you to tell me that I'm alright  
There's something in the air  
There's something in the water  
Dragging me down

I just hope your mind stays stable  
When you're Cain and unable  
To speak to me again

We never made it to the start of the race  
I guess I thought that in the end we would be saved  
There's someone up in the sky looking down over me

We took the blankets and we slept on the beach  
We chewed the candy 'till we couldn't feel our teeth  
Is this the way it's gonna be until our time is up?

We never made it to the start of the race

I guess I thought that in the end we would be saved  
There's someone up in the sky looking down over me

We took the blankets and we slept on the beach  
We chewed the candy 'till we couldn't feel our teeth  
Is this the way it's gonna be until our time is up?
