I can't live without ya, I can't live without ya

Girl you got me shook
After all the fightin' and the screams
Snatched up ya keys then ya got in the range
Knowing that it's rainin', why'd I let you go?

I don't know how long it took
But I know that I drove all around
Tryna calm down, you wouldn't answer my calls
Now I'm scared girl, where'd ya go?

Damn girl, why'd ya leave like that?
Whatever I said I didn't mean it like that
How do ya expect from me not to fight back
When you scream like that

Girl I love you more than that
When a night at the club or a hit off a blunt
I love you more than that
And a smile and a bud 'cause you're all that I want

I can't forgive myself if I hurt you girl, what do I do?
I can't live without ya, I can't live without ya girl
And girl it break my heart if I broke your heart, what do
I do?
I can't live without ya girl, I can't live without ya

Baby I don't care if I'm wrong or right
If I could just love you tonight
I can't forgive myself if I hurt you girl, what do I do?
I can't live without ya, I can't live without ya girl

Wish I could tell you how I feel
Everythin' that I'm workin' for is yours
How could I ignore when I wanna be yours?
But I slam the door right on our love

What kind of man don't understand
The difference between a penny and a dime
Musta lost my mind you and me were on the grind
Once upon a time, why'd I let you go?

Damn girl, why'd ya leave like that?
Whatever I said I didn't mean it like that
How do'ya expect from me not to fight back
When you scream like that

Girl I love you more than that
When a night at the club or a hit off a blunt
I love you more than that
And a smile and a bud 'cause you're all that I want

I can't forgive myself if I hurt you girl, what do I do?
I can't live without ya, I can't live without ya
And girl it break my heart if I broke your heart, what do
I do?
I can't live without ya girl, I can't live without ya

Baby I don't care if I'm wrong or right
If I could just love you tonight
I can't forgive myself if I hurt you girl, what do I do?
I can't live without ya, I can't live without ya girl

Girl when I find ya I'm gonna stand right by ya
Girl you're my life and I can't live without you

I can't forgive myself if I hurt you girl, what do I do?
I can't live without ya, I can't live without ya
And girl it break my heart if I broke your heart, what do
I do?
I can't live without ya girl, I can't live without ya

Baby I don't care if I'm wrong or right
If I could just love you tonight
I can't forgive myself if I hurt you girl, what do I do?
I can't live without ya, I can't live without ya girl
I can't live without ya girl, I can't live without ya girl
I can't live without ya girl, I can't live without ya girl
