VERSE 1

You saw me at the Mall just the other day,
Holding bags for my girl so you looked away.
She dont mean a thing to me anyway,
And I'd still be with you if I had my way.
The bed was so cold where you used to lay.
I got weak late one night so I let her stay,
But I found out that no one can take your place,
Cause ill still be callin your name.

CHORUS

I know it seems, Im givin her time
She dont have, a part of my mind (?)
Cause everythings, still all about you
She just takin up space till you come back my way.
The kissins good the sex is alright,
But she aint you, so it dont feel right
Cause everythings still all about you,
Shes just takin up space, till you come back my way

VERSE 2

I thought I could move on, never lookin back,
Till I saw stumbled upon an old picture that,
Bought back the old jokes that I used to have.
When I sill had you everything was kool.
Now im feelin so bad about rushin it,
From hello to my bed, still its you I miss.
Cant pretend anymore than im down with this.
Im letting go to be with you.

(CHORUS....)

BRIDGE

When in the middle of the making love (?)
Im holding her close, but I feel your touch,
Your in my head, but I want you right here in my bed...

(CHORUS...TO FADE)
