(Verse)

I remember when I first saw your face
I can't forget those pretty eyes and your smile can't be
erased
It was early this morning I felt something new
Felt so like, felt so good could this be true

(Chorus)

I think I'm in love, all over again
I think I'm in love, I'm in over my head
Told myself wasn't looking for more than a friend
But one look at you and I'm falling again
I think I'm in love, all over again
Yes I am

(Verse)

Our thoughts keep wondering, it's hard to concentrate
Or anything else baby but you, allow me to
demonstrate
I step in the traffic and almost got hit
Something has happened don't know what it is

(Chorus)

I think I'm in love, all over again
I think I'm in love, I'm in over my head
Told myself wasn't looking for more than a friend
But one look at you and I'm falling again

(Bridge)

Tonight gonna tell you how I feel
Watch the moon and the stars while we chill in the park
All will be revealed
My eyes are open baby, I see the signs
When you're in my arms I never think twice baby
I'm in love, I'm in love, I'm in love

(Outro)

I think I'm in love, all over again
I think I'm in love, pull me over my head
I think I'm in love, all over again
I think I'm in love, I'm in over my head
I think I'm in love, all over again

I think I'm in love, I'm in over my head
Oh wait baby, ba-ba-ba-baby
I'm in love with you I'm going crazy
Oh wait baby, Oh wait baby
I'm in love with you I'm going crazy
