Mmm, hmm

It feels like a lifetime, a thousand days have passed by

Since I held you close to me

If I could see that smile from my friend

I know that I could live again

I need you here with me

Heaven knows what to say

Even though for right now you're so far away

I hope and I pray

Somewhere in your heart I'll always stay

Girl, lately my sun doesn't shine without you

Never noticed what it feels like to be without you

Feels like I took my last step and my last breath

And my life ended

Had to say just what I was feeling, girl

'Cause my sun doesn't shine

Sun doesn't shine without you

This is more for me than for you

Girl, I finally see there's no substitute

For what we have

Do you know how much I love you?

And that we shared, I can't forget

Girl, a love like yours

I'll never let just slip away

Just promise that you'll stay

Heaven knows what to say

Even though for right now you're so far away

Gonna tell you and show you

Do whatever I can do to get back to you

Girl, lately my sun doesn't shine without you

Never noticed what it feels like to be without you

Feels like I took my last step and my last breath

And my life ended

Had to say just what I was feeling, girl

'Cause my sun doesn't shine

Sun doesn't shine without you

Have you ever seen a flower that did not bloom?

Seen a starless night without the moon?

Well, that's me without you?

So come back and turn my nights into days

Girl, lately my sun doesn't shine without you

Never noticed what it feels like to be without you

Feels like I took my last step and my last breath
And my life ended
Had to say just what I was feeling, girl
'Cause my sun doesn't shine
Sun doesn't shine without you
