Mmm... hmm...

It feels like a lifetime, a thousand days have passed

By

Since I held you close to me

If I could see that smile from my friend

I know that I could live again

I need you here with me

Heaven knows what to say

Even though for right now you're so far away

I hope and I pray

Somewhere in your heart I'll always stay

Girl, lately my sun doesn't shine without you

Never noticed what it feels like to be without you

Feels like I took my last step and my last breath and

My life ended

Had to say just what I was feeling, girl

'Cause my sun doesn't shine, sun doesn't shine without

You

This is more for me than for you

Girl, I finally see there's no substitute

For what we have

Do you know how much I love you

And that we shared, I can't forget

Girl a love like yours

I'll never let just slip away,

just promise that you'll stay

Heaven knows what to say

Even though for right now you're so far away

Gonna tell you and show you

Do whatever I can do to get back to you

Girl, lately my sun doesn't shine without you

Never noticed what it feels like to be without you

Feels like I took my last step and my last breath and my

life ended

Had to say just what I was feeling, girl

'Cause my sun doesn't shine, sun doesn't shine  
Without you

Have you ever seen a flower that did not bloom, seen a  
starless night without the moon, well that's me without  
you, so come back and turn my nights into days.

Girl, lately my sun doesn't shine without you  
Never noticed what it feels like to be without you  
Feels like I took my last step and my last breath and my  
life ended  
Had to say just what I was feeling, girl  
'Cause my sun doesn't shine, sun doesn't shine  
Without you
