A day I'll never forget
But first get in the right fret
This is the day that caused me to try
To get the tears out of my eye
Now I feel like I'm in war
And nothing is going to stop this feeling aboard
I feel like I've been shot
And you are leaving me to rot

Now what is wrong with you I don't Know why you would
betray me?
And now I'm alone and you've got nothing to say to me
It's very rare but this disease share happensÂ...ONEÂ...
TIMEÂ...INÂ...AÂ...LIFE

Why does it always have to be me?
I do great things for people to see
So why am I singing?
'Cause the bells all are ringing
This gives me a sign

That I'm a very good guy!

Now what is wrong with you I don't Know why you would
betray me?
And now I'm alone and you've got nothing to say to me
It's very rare but this disease share happensÂ...ONEÂ...
TIMEÂ...INÂ...AÂ...LIFE

I didn't sign up but somehow I'm in war
It seems like ugly stuff I adore
I've got to fix this
This is twisted
Why are people picking on me
You see this is not true!

Now what is wrong with you I don't Know why you would
betray me?
And now I'm alone and you've got nothing to say to me
Don't talk to me I'm stressedÂ...ONEÂ...TIMEÂ...INÂ...
AÂ...LIFE
