I tried licking the sweets but that just made me sicker
I tried keeping the beet but that just made me bicker
I reread the note you gave me
But it proved you couldn't save me
But now I'm a ghost in heaven with nothing to do

That's not how you live
Try it a different way some other day
But today I'm gonna take you away
That's not how you live
You take my life to add to yours
You've done worse things and much much more

I touch a very sharp thorn
It didn't seem very spiky
To cheer me up I tried playing a horn
But bad luck always comes to me
So I'm stuck in the middle of the world
Now I feel I'm smaller than a pearl
You ruined my life but it's to late isn't it!

That's not how you live
Try it a different way some other day

But today I'm gonna take you away
That's not how you live
You take my life to add to yours
You've done worse things and much much more

Oh thank you for steeling my life
That's sarcasm for you bleeding from my knife
You tried me I pay you
You lie to me I saved you but you didn't save me!
Oh Oh

That's not how you live
Try it a different way some other day
But today I'm gonna take you away
That's not how you live
You take my life to add to yours
You've done worse things and much much more
Oh OH YEAH

That's not how you live
Try it a different way some other day
But today I'm gonna take you away
That's not how you live
You take my life to add to yours
You've done worse things and much much more
