Want you to see my point of view  
I only want the best for you  
Understand, I'm not being cruel  
I see he treats you like a fool

You've heard the truth, you've heard it all  
You're trying to run but you can't crawl  
See nothing's changed, the situation's just the same

He's given you nothing but taken it all  
You're taking the easy way out  
I'll say it again like I've said it before  
Stop taking the easy way out

You're taking the easy way out

Each night you call, more tears again  
Time to accept, he'll never change  
It's your life, your choice, your own despair  
Your burden's far too much to bear

You know the truth, you've heard it all  
Just trying to catch you before you fall  
See nothing's new, the situation's up to you

He's given you nothing but taken it all  
You're taking the easy way out  
I'll say it again like I've said it before  
Stop taking the easy way out

You're taking the easy way out  
You're taking the easy way out

You turn to me 'cause you can't see  
That there's a better way to be  
So close your eyes and say, goodbye

He's given you nothing but taken it all  
You're taking the easy way out  
I'll say it again like I've said it before  
Stop taking the easy way out

You're taking the easy way out  
You're taking the easy way out

You've got to give it up, turn around  
Walk away, don't look down  
You've got to give it up, turn around  
Walk away, don't look down  
You're taking the easy way out
