We had a good night jamming away  
There was a full moon showing  
We started to play  
But in the cold light of day next morning  
Party was over, uh huh, uh huh  
The party was over

We got love and we  
We got style and we  
Got sex and I know, I know we got what it takes  
Woh, woh, woh, woh, woh  
Woh, woh, woh

Why don't you come back and play  
Come back and play (hey, hey)  
Come back and play  
We got all night all day  
Everybody's gone away

Why don't you come back and play (play, play)  
Come back and play  
Come back and play  
Come back and play, play, play, play  
Go get 'em boy - let's party  
Yeah, ha, ha, ha, ha

Gimme, gimme

We had a food fight in somebody's face  
We were up all night singing, singing  
And giving a chase  
But in the cold light of day next morning  
Everybody was hung over

Hey, come back and play  
Come back and play  
Come back and play  
We got all night all day  
Everybody's gone away  
Why don't you come back and play, and play  
Come back and play

We got all night, we got all day  
We got all night and day  
Ha

Come back, come back, come back, come back  
Come back and play

Hey, hey, hey

Goodbye, goodbye, goodbye, goodbye, the party is  
oooo -
