Look into my eyes
And tell me, do you see
All the things we used to do
All the memories
I will not forget
The things you said to me
You showed me something beautiful
That we were meant to be
It really doesn't matter where ever you are
No matter how near or far
I'm the one for you
You're always in my heart
I never let you go
I knew this from the start
Cause I'm the one for you
And that's the way it is
And I have never ever felt this way before
I'm the one for you
Tell me It's for real
Take this heart of mine
This is how I really feel
I would never lie
Everything you do
Makes me wanna smile
I know that you feel the same
Somewhere deep inside
