In my hands I hold your smile and in my heart it runs so wild

You are the one you are unique I'm so in love you make me weak.

And the reason that I feel is like a shadow from a light  
So if you have the chance to be with me be my shadow in the night.

In my hands I hold your smile and in my heart it runs so wild

I want you near me night and day and I will love you all the way.

And the reason that I feel is like a shadow from a light  
So if you have the chance to be with me be my shadow in the night.
