[performed by Smash Mouth]

Hey, so you wanna play  
You'll see my game's on fire  
But we don't play the same game  
You'll see I'm greedy for speed  
And neutral means nothin' to me  
So if that's your desire  
We'll get along famously  
But one thing: I like to lead

I light 'em up before the motor starts  
I go so fast that I may never stop  
Look under the hood but you don't know what I've got  
I'm a moving violation baby  
Hot! Hot! Hot! Hot!

Highway, that's my scene  
I may look like a blur when you see me  
I mean I'm flirtin' with disaster  
I'm the master of G's  
Goin' faster, gonna pass ya  
Gonna blast some dust your way, you say  
You got skills and somethin' to prove  
But you're in my way so you better move  
One foot on the pedal but never on the brake  
So don't give me a reason I got a license to race

I light 'em up before the motor starts  
I go so fast that I may never stop  
Look under the hood but you don't know what I've got  
I'm a moving violation baby  
Hot! Hot! Hot! Hot!
