[performed by Liz Phair]

I don't know what you're after
Wanna know all the details of my disaster
Like an accident on the side of the road
And you're driving past slow
But there's nothing to see here

You wanna take a look
Take a look
You wanna take look
Take a look

I am some kind of freak now
and you'll never see me the same
What's all the fuss about
Are you sure you wanna find out
Cause once you know the truth
You might wish you'd walked away

Wanna take a look
Take a look
Wanna take a look
Take a look
Wanna take a look
Take a look
Wanna take a look
Take a look

What if I'm not able
To put my cards on the table
And would it liberate you
If you knew, what I knew

It's been over a year now
And I never saw him again
The facts and the fiction collide as the bodies untangle
And the traffic moves on like it did

Wanna take a look
Take A look

Wanna take a look
Take A look
Wanna take a look
Take A look
Wanna take a look
Take A look
