In the shadows just like a creepin' cat  
Eyes wide open shinin' from the dark  
I'm gonna see my woman of the shadows  
I'm gonna see my woman of the dark

There I find her just like a man obsessed  
I've got to have her and I'm gonna take no less  
I'm gonna see my woman of the shadows  
I'm gonna see my woman of the dark

Lady of darkness, light up my midnight  
Lady of darkness, light up my midnight

Nobody's seen my woman  
Nobody seems to care  
So I'm gonna find that woman  
I can't find her nowhere  
I'm gonna find that woman  
Gonna keep my eyes wide open  
Yeah, I'm gonna find that woman  
Lord knows, I'm gonna find that woman  
In the shadows, I'm gonna find her  
I'm gonna find her  
I'm gonna find her  
I'm gonna find her

Lady of darkness, light up my midnight  
Lady of darkness, light up my midnight

In the shadows just like a creepin' cat  
Eyes wide open shinin' from the dark  
I'm gonna see my woman of the shadows  
I'm gonna see my woman  
Woman  
Woman  
Woman  
I'm gonna see my woman  
Of the dark
