Took a long time  
To build these walls around me  
Yet in a heartbeat  
You'd torn them down completely  
I let you in with good intentions  
And soon you'd stolen  
What I should have given

So I surrender to you  
I surrender  
You are the one I cry about  
Yet I cannot live without  
So to you I surrender

I'd quickly forgotten  
What I'd once so adamantly proclaimed  
With no one left standing  
I am the only one left to blame  
I was so strong yet so blinded  
Now you've taken my heart  
To where I'll never find it

Here my heart lay open before you  
I can't deny I just adore you  
Please don't make me live without you  
I can't go on without you here  
I surrender
