Take a look again  
I'm running  
I'm running  
Hold me back again  
Now sliding through my fingers  
Throw me back  
And forth my own yo yo metaphor  
Take a look again  
I'm running

And I  
And I don't look at you when the light is shining  
And I  
And I don't feel warm until the water's lapping  
Against my feet  
Around my knees  
Around my waist

Please breathe again  
It's thick here  
It's hollow  
Closing in on me  
Four walls getting closer  
Pull me back  
And forth my own swinging pendulum  
Take a look again  
I'm running

And I  
And I don't look at you when the light is shining  
And I  
And I don't feel warm until the water's lapping  
Against my feet  
Around my knees  
Around my waist  
Against my feet  
Around my knees  
Around my waist

Swiftly as the tide comes in  
You're there  
Rolling thunder breaking out

Through our warming  
Through our embracing  
Through our shaking  
Everything I pull here
