Chorus

Back in my town where the sun shines bright
You see the stars and not city lights
Back in my town, it's hangin' with your crew
We're always looking for something to do
In my town, when the sun goes down
Pop a cold top and take a shot of crown
I know it's not exactly what you're used to
That's how it is in my town

Verse 1

Rock paper scissors to see who's riding shotgun
Shooting fireworks in February just for fun
Where I come from it's hard not to
Date your best friend's, ex-girlfriend
I know it's sad, but it's true

Chorus

Back in my town where the sun shines bright
You see the stars and not city lights
Back in my town, it's hangin' with your crew
We're always looking for something to do
In my town, when the sun goes down
Pop a cold top and take a shot of crown
I know it's not exactly what you're used to
That's how it is in my town

Verse 2

Remember that time Layla Jane slept with Billy Joe
The whole town knew about it
Before his belt buckle hit the floor
And the only place to be on a Friday night
Is sitting in the stands cheering with your friends under
football lights

Chorus

Back in my town where the sun shines bright
You see the stars and not city lights
Back in my town, it's hangin' with your crew
We're always looking for something to do
In my town, when the sun goes down
Pop a cold top and take a shot of crown

I know it's not exactly what you're used to
That's how it is in my town

OUTRO

Back in my town. We just drive around.
Park on a backroad. And drink beer to the radio
