

## Chasing Grayson "Turn Around"

Visit "[Turn Around](#)" on [MotoLyrics.com](http://MotoLyrics.com)

### Verse

She puts black clouds in my sunny day,  
Seems like nothing ever goes our way  
She's got standards that I never can meet, makes me  
feel like I'm walking around  
With the wrong shoes on the wrong feet

### Chorus

But baby baby put your brakes on, pick up the  
telephone, just come on home, back to me  
And maybe maybe baby you could turn around, don't  
take me down, we can build this thing back up to the  
ground, if you turn  
Around.

### Verse

Now I know you can think of many times,  
Too many times, I let you down, no where to be found  
But one of these days I'm gonna find myself, I want you  
to know that I love you, and nobody else

### Chorus

So baby baby put your brakes on, pick up the  
telephone, just come on home, back to me  
And maybe maybe baby you could turn around, don't  
take me down  
We can build this thing back up to the ground, if you  
turn around

### Bridge

I promise I'll be good to you, I take back all those  
hurtful things that I said to you

### Chorus

So baby baby put your brakes on, pick up the  
telephone, just come on home, back to me  
And maybe maybe baby you could turn around, don't  
take me down  
We can build this thing back up to the ground, if you  
turn around
