I'm looking for you now  
I'm searching far and wide... for you  
The silence in my mind  
There's chaos in my heart oohh

Can you hear me screaming when I call your name  
Never mean't to hurt you... the way I did

Where have you gone  
You said you'd be there when everything goes wrong  
and  
So tell are you lost  
This game you play has gone to far

Can you hear me screaming when I call your name  
Never mean't to hurt you... the way I did

So call me  
Call me  
Call me and I'll come running, and I  
So call me  
Call me  
Call me and I'll be there, for

Call me  
Call me  
Call me and I'll come running, to you and  
Call me  
Call me  
Call me and I'll be there for you
