It was a fair fight when our lives were in it together,
but it turned one-sided when you decided to leave.
So baby spare me your bedroom stories of all your new
love affairs.

I'd love to say I'm happy for you but I'm sorry,
I'm just not there.

It's too late (it's too late),
Too late for us (it's too late for us).
When you said "we're done" guess done wasn't done
enough.

Well I tried for years to get my head together,
while you cried your tears in someone else's bed.
Now I know it all happens for a reason,
like every passing season we all have to change.
And sometimes your biggest failures become your
biggest saviors.
Mistakes have to be made.

It's too late (it's too late),
Too late for us (it's too late for us).
When you said "we're done" guess done wasn't done
enough.

But baby it's too late (it's too late),
Too late for us (it's too late for us).
What's done is done and done is done enough.

Well I know I know you're not as strong as you like to let
on,
and you'll miss me when I'm not there.
All your nights of desperation can't replace a
conversation with someone who really cares.
But I guess I shouldn't blame you,
in fact I ought to thank you for helping me write this
song.
If this album tops the Billboard I think I'll save a quarter
to call you and let you know.

It's too late (it's too late),
Too late for us (it's too late for us).

When you said "we're done" guess done wasn't done
enough.
But baby it's too late (it's too late),
Too late for us (it's too late for us).
What's done is done and done is done enough.
