Look at How She Walking

Stepping through the scence
Shawty by my side flaunting
Stuttin on the rest
It kinda seem
Like she taunting
Rejecting all them others
You'd think it's an abortion
Yeah they break they necks
When they see this girl passing
How she hold it down for me
You would think she trapping
Your swag and yah style
Something that she ain't lacking
Aaaa

Yah fine
Your bodies looking attractive
Cause she by my side
That's the reason why they envy
When she hit the club
It always turn into a frenzy
Eyes stay gawking
Jaws steady dropping
She bad beyond words
So what's the reason for the talking
My my
Official so I call her Mrs. R
The way she's stand out
You can spot her from afar
She's a rebel beauty so she gotta set the bar
And when she get to strutting they can tell that she a

So they just look at how she walk
