This is hard for me  
turn away, don't look  
just close your eyes  
and listen, listen  
these words that i sing,  
are for you..for you  
so baby  
my heart completley belongs to you  
to you and if you'd accept it  
i promise that i'd be true  
mm for you, for you  
and i love you  
forever and ever

to the stars and back  
times two  
are you listening?  
are you feeling?  
the energy, here  
this is what you do to me  
when we are together  
when we are near  
you have got me dear  
so baby  
my heart completeley belongs to you  
to you, and if you'd accept it  
i promise that i'd be true  
mm for you, for you
