You hear the knock on your door
That's the man asking for more
Coming like a steam train
Something to ease the pain

And when the world starts calming down
Darling I wish you around
Love
Love like a fools tattoo
Hasn't somebody, made such a fool, out of you

I've been down this road before
I know its familiar score
5 2 1 1 and 5
No one gets out alive

And when the world starts calming down
Darling I wish you around
Love
Love like a fools tattoo
Hasn't somebody, made such a fool, out of you

I've made some bad mistakes
To say never again
Having heard that before
Then all you need is God's love

And when the world starts calming down
Darling I wish you around
Love
Love like a fools tattoo
Hasn't somebody, made such a fool, out of you
Hasn't somebody, made such a fool, out of you
Hasn't somebody, made such a fool, out of you
