"Hush"

Soon one morning
Death comes creeping through the room
Soon one morning
Death comes creeping through the room
You can call on your mother
But your mother can't do you no good
Yeah, you can call on your mother
Your mother can't do you no good
Soon one morning
Death comes creeping through the room
Soon one morning
Death comes creeping through the room
So hush, hush
Someone is calling my name
Mmm hush, hush
Someone is calling my name
Soon one morning some one will call my name
Crying oh my lord, oh my lord
What shall I do, what shall I do
