Jealousy ain't no good for your health
Jealousy ain't no good for your health

It can take control of your life like a disease
It can stress you out, Lotta heartache, Alotta Pain
Old Jealousy...

And if your woman want to cheat on you,
Nothing you do to stop it,
Woman if your Man want to cheat on you,
Let him go....

Walking down the Avenue
I can feel a cold win through,
And once it gets a hold of you
To you heart you will be true.
