#### Verse 1

Walkin down the street you caught my eye  
I looked at you as you walked by  
But you kept on walkink down the street  
Just like you didn't see me

#### Chorus

I wanna know just what you're like whoa  
Cause maybe we are both the same whoa  
I should have asked you for your number  
I should have asked you for your name

#### Verse 2

I don't know you but I'll never forget  
I really do wish that we had met  
I called to you but you did not listen  
You walked away like a girl on a mission

#### Chorus

#### Verse 3

I watched you go from afar  
I really wish I knew who you are  
I should have asked you for the time  
At least I'll remember what you looked like from behind

#### Chorus
