You know I feel the deep blue?
You won't hear me cry, see me die
What am I going to do?
I can see your face every time

Anytime you want I'm here for you
Now my heart cries

All those years
(All those years)
It's a lonely, lonely night
A lonely, lonely, lonely night

All those years
(All those years)
It's a lonely, lonely night
A lonely, lonely, lonely, lonely night

I close my eyes
I can see your face every time
How can I say to you
I'll do anything you want me to?

Anytime you want I'm here for you
Now my heart cries

All those years
(All those years)
It's a lonely, lonely night
A lonely, lonely, lonely night

All those years
(All those years)
It's a lonely, lonely night
A lonely, lonely, lonely, lonely night

Right from the start
I gave you my heart

Anytime you want I'm here for you
Now my heart cries
