You've got me all wound up and ready to go

Every night when I see your eyes
You look like no other
Even though the world have all kinds
You can find friends and lovers

Where have you been all my life?
Why did you wait so long?
I've been lookin' every night
I'll be with you from now on

Hey, hey, hey, you've got me all wound up
And ready to go, hey, hey, hey
You've got me all wound up and ready to go

If you feel left out in the crowd
You are not the only
You can go where the music is loud
And you won't be so lonely

Where have you been all my life?
Why did you wait so long?
I've been lookin' every night
I'll be with you from now on

Hey, hey, hey, you've got me all wound up
And ready to go, hey, hey, hey
You've got me all wound up and ready to go

Where have you been all my life?
Why did you wait so long?
I've been lookin' every night
I'll be with you from now on

Hey, hey, hey, hey, hey, hey
You've got me all wound up and ready to go
Hey, hey, hey, you've got me all wound up and ready to
go

Hey, hey, hey, you've got me all wound up
And ready to go, hey, hey, hey

You've got me all wound up and ready to go

Hey, hey, hey, you've got me all wound up

And ready to go, hey, hey, hey

You've got me all wound up and ready to go, ready to
go
