Sometimes I can tell early in the day
Sometimes I can sense in an uncanny way
When things aren't going right
It looks like just another lonely night

Wake me when it's over, shake me when it's done
Maybe when the sun comes up I'll find a place to run
So don't lay there like a fool
'Cause all you have to do is call me

Well, are you alone tonight?
Or are you lonely tonight?
Say you're lonely tonight

Travel 'round the world, seen a million girls
I know I've been around, nothing gets me down
'Cause someone's out there just like you
Someone's out there just like me too

Well, are you alone tonight?
Or are you lonely tonight?
Say you're lonely tonight

Baby don't let it, don't let it get ya
Just say the word and I'll be your cover
I'm gonna try to get there today
Call me and tell me, you don't need another day
Lonely night

Are you lonely?

Sometimes I can tell, you don't have to say
Sometimes I can sense there's the price you pay
When things aren't going right
It looks like just another lonely

Well, are you alone tonight?
Or are you lonely tonight?
Say you're lonely tonight

Are you alone tonight?
Say you're lonely tonight

Are you lonely tonight?
Hey, you're lonely tonight

Please, say you're lonely tonight
If you're alone tonight
Are you lonely tonight?
Are you lonely tonight?
Are you lonely tonight?
