Well, the streets are all crowded
Lots of people around
And there's music playing
But I can't hear a sound

Just the sound of the rain
Falling silently down
Livin' ain't been livin'
Since you put me down

Yeah, life goes on around me every day
But it might as well be
Half a million miles away

It's like a ghost town without your love
Like a ghost town without your love
Like a ghost town, baby, can't you see?
It's a ghost town, until you come back to me
Oo, oo, till you come back to me

Well, I wish I still had you
Had you here next to me
Baby, where did you go?
Baby, why did you leave?

Oh, the world, it keeps turnin'
But it don't turn for me
Without you in my life
My life ain't no place to be

There's only lonely days and empty nights
Ain't the same without you, baby
Nothing's feelin' right
Nothing's feelin' right

It's like a ghost town without your love
Like a ghost town without your love
Like a ghost town, baby, can't you see?
It's a ghost town, until you come back to me
Oo oo, till you come back to me

Darlin', I wanna leave this town

Don't wanna be around
I'm gonna leave this town
It's like a ghost town

It's like a ghost town without your love
Like a ghost town without your love
Like a ghost town, baby, can't you see?
A ghost town, until you come back to me
Oo oo, till you come back to me
It's like a ghost town
It's a ghost town

Hey hey, it's like a ghost town, can't you see?
It's like a ghost town
'Til you come, till you come back to me
Oo oo oo, 'til you come, till you come back to me
