[Mr. Marcelo]

For them hoes, for them hoes  
For them hoes, for them hoes  
get with it....

Fatal, you ride me it's touching your navel  
You ain't never been touched by a tough guy cable  
Monkey on this, come and act a donkey on this  
Pussy break better be bigger than a catcher's mitt  
Get fucked up in the club and I'm taking your home  
If that ass look petite then I'm breaking some bones  
Well if it's on, it's on, baby bring some friends  
We can all get butt-naked in the Holiday Inn  
How you like it?, from the front, from the back, oh you  
like to ride?  
It don't matter baby you can decide

Chorus: [Mr. Marcelo]

How you like it baby?, from the front, from the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?, from the front, from the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?, from the front, from the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?, from the front, from the back  
from the side, smack it, and hit it all night (Like that!)

[Mr. Marcelo]

On the outside of the club, seven hoes in line  
When I walk in the club, seven hoes on wine  
Finna take seven more before I spit my rhymes  
Now that's 21 hoes done at the same time

[Master P]

She looked at my hands and my feet and said you  
working with something  
A couple of bottles of that bubbley and I'ma be  
twerking with something  
I like a project model, big booty and gold teeth  
Now if she a Hot Girl she ain't rollin' with me

I love them thug girls, the kind that be on Jerry Springer  
Fight for her man just like a gang banger  
Cheefin' with her friends, never messin with the men  
Roll in a big body benz, and never stunt or pretend  
ya heard me?

Chorus: [Mr. Marcelo]

How you like it baby?, from the front, to the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?, from the front, to the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?, from the front, to the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?, from the front, to the back  
from the side, smack it, and hit it all night (Like that!)  
How you like it baby?

[Mr. Marcelo]

Hit it all night (Florida), hit it all night (Georgia)  
I could hit it all night  
How you like it? I could hit it all night (Texas)  
From the front, to the back  
to the side, hit it all night (Philly)  
From the front, to the back  
to the side, hit it all night (Mississippi)
