Pay some attention  
Want to get it right  
Ooo-how about you  
Mind's under pressure  
Happens every night  
Ooo-let it go  
(pre-chorus)  
Love is like a knife  
It cuts deep and wide  
And i-i-i oughta know  
Lay your hands on me  
I prescribe a pill  
Ooo-how about now  
Tension's a buildin'  
Need to let it out  
Ooo-let it go  
Love is like a knife  
It cuts deep and wide  
And i-i-i oughta know  
Call me the doctor  
Makes you feel good  
Make it feel better now  
Everybody should  
It's my own opinion  
It's my point of view  
If you really need it now  
Call me the doctor doctor feel good- hey  
I make house calls  
In the middle of the night  
Ooo-to get you right  
Come a little closer  
Is it pleasure is it pain  
Ooo-i've got the cure  
Love is like a knife  
It cuts deep and wide  
And i-i-i oughta know  
Call me the doctor  
Makes you feel good  
Make it feel better now  
Everybody should  
It's my own opinion  
It's my point of view

If you really need it now  
Call me the doctor doctor feel good- hey  
(solo)  
Love is like a knife  
It cuts deep and wide  
And i-i-i oughta know  
Call me the doctor  
Makes you feel good  
Make it feel better now  
Everybody should  
It's my own opinion  
It's my point of view  
If you really need it now  
Call me the doctor doctor feel good- hey  
Call me the doctor  
Makes you feel good  
Make it feel better now  
Everybody should  
It's my own opinion  
It's my point of view  
If you really need it now  
Call me the doctor doctor feel good- hey
