Yeah, yeah
If I knew, wish I knew
I coulda seen what I'm goin' through
When I first laid my eyes on you
You blew me away, yeah, yeah

If the times are so right
I'd feel for you every night
It blew me away, yeah, yeah

Every sin seems to fade away
Disappeared poof and gone
Thought I'd lost the key to you
Lookin' for notes in the song

This time we got it
(Yeah)
What I been lookin' for
Reached down and got it
(Yeah)
I shouldn't ask for anymore

If you could ask for anything more
You could be king for a day
You could be queen for a day, yeah
'Bout time you got it
(This time we got it)
This time we got it
Let's take it away

Now, I tried for something new
Wasn't rich enough to pay my dues
Was I aimed the right direction?
I was aimin' at you, yeah, yeah

If the times are so right
I'd feel for you every night
It just blows me away, yeah, yeah

Thought I'd lost the key to you
Lookin' for notes in the song

This time we got it
(Yeah)
What I been lookin' for
Reached down and got it
I shouldn't ask for anymore

If you could ask for anything more
You could be king for a day
You could be queen for a day, yeah
'Bout time you got it
(This time we got it)
This time we got it, let's take it away

Can't lose it, can't have enough
(Can't lose it, can't have enough)
Won't lose it, can't get enough
(Won't lose it can't get enough)
Don't lose it, can't have enough
(Don't lose it, can't have enough)
Won't lose it, I can't get enough

This time we got it
(Yeah)
What I been lookin' for
Reached down and got it
(Yeah)
I shouldn't ask for anymore

If you could ask for anything more
You could be king for a day
You could be queen for a day, yeah
This time you got it
(This time we got it)
'Bout time we got it, let's take it away

This time we got it
(This time we got it)
'Bout time we got it, let's take it away

Away, take it away
Yeah, yeah, yeah
