I don't know you, you don't know me
I think that's just fine
But I'm thinking of you thinking things that twinkle in
my mind
Yeah this could get so bad
Yeah and this could get so ugly
And I hope you understand
Why I shudder when you try to hold my hand
If you stay you stand a chance

Don't want to kiss you right now
I want to wait till it gets awkward
Don't want to love you right now
I want to wait till we're just friends
Don't want to kiss you right now
I want to wait till it gets awkward
I want to wait till it gets awkward
I want to wait till it gets awkward

Buy me lunch or buy me dinner, Conversation is free
But when you get me talking you can't see what's
happening to me
And I'm trying men so hard
Cause I've been trampled in in the past
Yeah I know this is the part
Where I tell you that I'm not prepared to start
I still think you could break my heart.

Don't want to kiss you right now
I want to wait till it gets awkward
Don't want to love you right now
I want to wait till we're just friends
Don't want to kiss you right now
I want to wait till it gets awkward
I want to wait till it gets awkward
I want to wait till it gets awkward

Oh oh oh oh
If you want a taste of my gum babe
Get you feeling just a little bit friendly
Have a seat and shut me up
You can have a cup of coffee

You can pour a couple of cups
Your waist smelled just like fate
Till you said "It's too late"
"It's too late"
"It's too late"
Cause by the time I start to consummate you've left
because you couldn't
Wait

There's something to be said for kissing first and
asking questions only
Something.
There's something to be said for kissing first and
asking questions only
Something.
There's something to be said for kissing first and
asking questions only
Something.
There's something to be said for kissing first and
asking questions only
Something.
